Caravans/Motorhomes/RV's:

Joint privateer competitors: If you are not running in a team but you are sharing awning space with other competitors, the circuit will allow you to park wherever your joint awning is situated subject to

Please note, Rye House does not have any campsite facilities, i.e. electric hook-ups, waste disposal etc.

Setting up:

When setting up around the racetrack – The competitor zone:

Solo competitors are permitted to park one vehicle & erect one awning. [£10 per day payable on arrival]

Teams are permitted to park one support vehicle & assemble their necessary awnings. Please note, we will not permit additional vehicles to park within the competitor zone. [£30 per day payable on arrival]

Please be mindful when setting up:

- **Please use common sense.** Do not setup in the middle of the paddock with no one around you. Ensure you setup as close as possible to someone else.

- Ensure there is a clear route past your vehicle & awning to allow other competitors & emergency vehicles to pass.

Please note, you will be asked to move if deemed necessary by a member of staff. If you are unsure, simply ask before you setup.

Spectator Parking:

We are unable to park **ANY** spectator vehicles around the circuit or within the paddock area. The London Cup is notoriously busy, and we are well aware that "it is a squeeze". Therefore, we will have parking officials directing you to park in a designated spectator zone. This will incur a small fee.
