Date of Issue

March 2025

Expiry Date

March 2026

ROUTINE INSPECTION BY THE USER

Quarterly inspection of all extinguishers and appliances should be carried out by the user or user representative, to make sure they are in the proper location, have not been used or damaged or have suffered loss of pressure (where an indicator is fitted). **The user must replace all extinguishers unserviceable or missing with serviceable units to maintain the Fire Certificate.**
